

Checklist

Things to Complete Before Appointment on Patient Portal:

- Sign up for onpatient.com (our patient portal). You should receive an email with a link to sign up. (Please use Google Chrome browser if available.)
- Fill out Patient Information Form (Click “Check in” to fill out)
- Agreements (read and signed – at the bottom of your Check-in process)
 - HIPAA and Authorized Persons for Disclosure Consent
 - Financial Contract Agreement
 - Refraction Fee

****Note if you do not have convenient internet access, please just let us know and we will plan your appointment accordingly.****

Things to Bring:

- Photo ID
- Insurance card (if you have a secondary or tertiary insurance, please bring that card too)
- Calendar to schedule any surgery and/or follow-up appointments
- Old pair of prescription glasses or old prescription
- Sunglasses (Your eyes will be dilated)
- Payment method for any required payments (accept cash, check, and credit card)

Special Considerations:

- Please do not wear your contact lenses. Recommend being out of your soft contact lenses at least 5 days before the appointment (4 weeks for gas-permeable contact lenses)
 - If you have been wearing contact lens, we recommend being out of contact lens for at least 1 week if you are wearing soft contacts or 4 weeks if wearing hard (gas-permeable).
- Your eyes will be dilated. Dilation can last for 4 to 8 hours. If you are worried about driving with your eyes dilated, please arrange for appropriate transportation.
- Plan on the appointment lasting 2 hours.

If any questions, please call us (618-391-1660) or message us through your patient portal.
